

I feel our Attorney General has done a great service to the people of Indiana by offering this assistance to us. I resent having numerous telephone calls from a wide variety of sales people, mortgage companies, etc. If I need a service or produce I feel I should have the right to choose who I want to contact...after all, I pay the telephone bill and receive no assistance from those who wish to invade my privacy. Therefore, I feel to overturn this law would be doing a great injustice to the residents of Indiana. This young man has the foresight to realize that this is a great burden to many of the elderly or ill residents. Thank you for your consideration.
